FOOD RELIEF FOR ST. FRANCIS LITTLE BIRDS

03/08/2021

To Armin Hedwig and all SFRIM donors and members

The taskforce and community of SFLBNPS would like to thank the donors of SFRIM for the food relief support.

The community was very delighted to receive the food and other hygiene items during this COVID times.

Since the first lock down, the economy has never recovered, businesses are very slow effecting the purchasing power on all products including farm produces. This has affected the country but mostly the farmers who make up 80% of the Manny community.

The food was procured from Kampala by Tusaidiane Uganda and sent it to the school, the taskforce received it with enthusiastic and the next day they started parking and separating the food items in smaller quantities ready to be received by individuals.

Only the SFLBNPS families received the food relief, and they were very happy, they thanked the donors for not ever giving up on them.

In general, 85% of the families who received relief items were almost starving, and 100% had no hygiene items like soap to help during the prevention from the virus.

The items were mostly received by the pupils and their parents for easy identification.

We highly believe that the objectives of the projects were highly achieved for example giving food to 302 pupil families in order to prevent the spread of the virus, prevent malnutrition in families during the lockdown and prevent domestic violence in families as it is documented that during the lockdown there is a lot of domestic violence because the parents lack food, so it sparks fighting.

The family of Mr. Kivume Micheal who has 6 orphans and their step mum had taken 2 days without cooking any food in their home, they narrated to the task force. The neighbors were sharing part of their cooking with them, but it was not enough for the whole family. Their crops were washed away by the floods that hit some parts of Rakai in May. They shed tears of joy on receiving the food items, they couldn't believe that someone from overseas could think about them.

Please pass on our sincere thanks to all the SFRIM donors who have made the funding possible.
