## 3<sup>RD</sup> PROGRESS REPORT ON SCHOOL CONSTRUCTION ST FRANCIS LITTLE BIRDS

The vocational room is nearly ready.

Painting in January is remaining.

Boys Dormitory (in the back) is roofed.

Window and doors will be delivered next week.  
Thereafter, internal and external plastering is on.

We started with the foundation slab for the Girls Dormitory at the place where the make-shift (picture below) Nursery room was located.

It will have an extended slab up to the existing building

The vocational room is already in use.

We moved the toddlers from the make-shift room (left) into one of the vocational rooms (right).

A big improvement now the rains are very heavy.
